GS 66/1 COMPUTER WORKSTATIONS - DESIGN GUIDELINES

1. FURNITURE

**Work surface**
- Thinner than 2.5cm.
- Height from floor: 58cm to 68cm (adjustable) and 72cm (fixed).
- Surface area greater than 120cm x 90cm.
- Modesty panel more than 55cm from closest desk edge, and higher than 30cm from floor.
- Width for leg space, 80cm or more.
- Light coloured non-glare or matt surfaces.

**Screen**
- Position screen's top edge at eye height.
- Place screen between 35cm and 75cm away from operator's eyes.
- Attach a screen filter if glare excessive.

**Seat**
- Seat depth between 33cm and 48cm.
- Easily adjusted backrest and height. Rolled front edge.
- Stable 5-star base.
- Castors for carpet or glides for hard floors.
- Gap between under desk surface and seat cushion, 13cm or more.

**Document Holder**
- Holder big enough to accommodate document used.
- Position either next to screen or between keyboard and screen.

**Keyboard**
- The home key row, less than 3cm high.
- The keyboard should be stable while keying in.

**Footrest**
- Footrest large enough to support both feet.

2. LAYOUT

- Provide unrestricted access and adequate workspace to perform all duties. (The Regulations state a minimum of 3.0 square metres per person.)
- Provide adequate and appropriate space for secondary tasks and storage.
- Orientate screen 90° to nearby window to reduce glare.
- Place frequently used items within normal arm's reach.
- Minimise desk clutter
- Use power-boards for convenient access to power points.
- Keep liquids away from electrical equipment.

This information is provided to offer guidance on a particular aspect of legislation. It is not to be taken as a statement of law and must not be construed to waive or modify any legal obligation.
3. ENVIRONMENT

- Ensure appropriate lighting levels for tasks performed-average requirement 320-400 lux
- Minimise reflections and obtrusive shadows.
- Control flickering fluors by replacing tubes and ensuring two or more lights per fixture.
- Fit appropriate diffusers on fluors and keep clean.
- Maintain comfortable humidity and temperature conditions.
- Minimise distracting, uncomfortable or prolonged noises.
- Eliminate all sharp edges, corners and protrusions.
- Repair all old, broken, malfunctioning or inoperative equipment.
